

EXPERIENCE INTELLIGENT HCI WITH HPE SIMPLIVITY

Your business needs more than just ordinary hyperconverged infrastructure (HCI). Many HCI solutions streamline the customer experience with a healthy dose of automation. But to take your organization's day-to-day operations to the next level and to be free of infrastructure hassles, data loss, and risk—you need more.

BREAKING THE BOUNDARIES OF HCI

Enterprises have long wanted to accelerate everything—their apps, data, and innovation. Yet getting there requires new levels of infrastructure agility, edge-to-cloud mobility, and greater IT insights.

We're entering a new era for HCl that goes beyond software-defined infrastructure to intelligent, artificial intelligence (Al)-driven operations. By infusing Al, HPE has reimagined the hyperconverged experience.

With streamlined IT operations, enhanced mobility from edge to cloud, and guaranteed¹ industry-leading data efficiency, HPE SimpliVity transforms how customers manage and support their infrastructure.
